Requirement SI/S-5/59, Riga Aerodynamic Missile

1. In answer to your requirement SI/S-5/59 preliminary measurements were made of the aerodynamic missile identified on [REDACTED] serial photography at Riga, USSR. The dimensions of the Riga missile are approximately the same as the dimensions of the German missile PZG-76 commonly referred to as the V-1. The wing appears similar to the V-1 wing configuration with straight leading and trailing edges.
